PROFILE

Cybersecurity student driven to learn and grow in the field of information security. A self-motivated and adaptable individual with strong teamwork and leadership skills, gained through academic and extracurricular involvement. Interested in network security and identifying vulnerabilities, with hands-on exposure to security tools and real-world problem-solving.

ACADEMIC CREDENTIAL

B.E Computer Science and Engineering (Cyber Security)

Dr. N.G.P Institute of Technology (2023 – 2027)

CGPA: 8.37

TECHNICAL SKILLS

Security Tools: Wireshark, Burp Suite, Metasploit, Autopsy, FTK

Platforms: Linux, Networking, CrowdStrike Falcon

Programming: Python, Java (Basics)

Domains: VAPT, SOC, GRC

INTERNSHIP EXPERIENCE

i6 Sec Solutions Pvt Ltd, Coimbatore (6 months) (Ongoing)

- SOC L1 Analyst Monitoring and triage across managed security engagements
- Supporting VAPT, GRC, and client-facing security workstreams at a firm spanning managed security, AI/LLM security, and Web3 security.

Cyber Crime Wing, Tamil Nadu Police, Chennai - Intern (45 Days) (2025)

- Supported the analysis of cybercrime cases by reviewing digital evidence and understanding investigation procedures
- Gained exposure to cybercrime investigation workflows, including data tracing and incident handling

Hackup Technologies Pvt Ltd, Coimbatore - Intern (15 Days) (2025)

- Acquired hands-on experience with cybersecurity tools and fundamental vulnerability assessment techniques

PROJECTS

Evaporate Automatic Clipboard Monitor (Secure Clipboard Web Application-2026)

- Developed a method to protect sensitive clipboard data from unauthorized access

Fund Trail Analysis (Web Application-2025)

- Designed a system to trace financial transactions and flag suspicious account activity

DNS Record Finder (MX, DMARC, TXT Analysis-2025)

- Performed DNS record analysis to identify misconfigurations and improve email security posture

Ransomware in Healthcare (IEEE Conference Paper-2024)

- Studied real-world ransomware incidents and analyzed their operational and financial impact

CERTIFICATIONS & ACHIEVEMENTS

- Best Problem Identification: Innovation Showcase Project Expo, Dr.N.G.P. Institute of Technology (Feb 2026)
- IEEE Conference Presentation: Ransomware in Healthcare organizations, Hyderabad & Vietnam (Jan 2026)
- NCC B, C Certificate: Grade A, Ministry of Defense (2025 - 2026)
- Practical Cyber Security for Cyber Security Practitioners Elite + Silver with 86% in NPTEL (Nov 2025)
- International Presentation – Ransomware in Healthcare organizations, UAE (Dec 2024)
